She said, "My breasts, they will always be open
E   A
   You can rest your weary head right on me
                      C#   D
 And there will always be a space in my parking lot
               E
When you need a little coke and sympathy"

        A   *D*
We all need someone we can cream on
            E   A
And if you want to, you can cream on me
      A   D
We all need someone we can dream on
            E   A
And if you want to, you can dream on me

        C#   D
 I was dreaming of a steel guitar engagement
                        E   A

      A                          D
We all need someone we can bleed on
                  E                      A
And if you want to, you can bleed on me

  We all need someone we can bleed on
              E                        A
  And if you want to, you can bleed on me
