Am-2  C-2  F-4  Am-2  G-2  F-4
Am-2  C-2  F-4  Am-2  G-2  C-4
```

Verse 1:
```
    F-4                 C-4
The clouds move over Pontiac skies
      F-4               C-4
Their silent thunder matches mine
F-4                           C-1  C/B-1 Am-2
I know this feeling from long a-----go
   F-4                                G-4
I wondered was it gone but now I know
```

Bridge:
```
            Am-2          G-2        F-4
So when she calls don't send her my way
        Am-2           G-2           F-4
When it hurts  you'll know it's the right thing
```

Chorus:
```
Am-2                 C-2         F-4
Michigan's in the rear view now
           Am-2                 C-2     F-4
Keep your hands where I can see em
     Am-2                     C-2     F-4
You took the words right out my mouth
           Am-2                 C-2     F-4
When you knew that I would need em
Am-2          C-2           F-4
What am I supposed to do now?
             C-4               G-4
Without you, without you
```

INTERLUDE
```
Am-2  C-2  F-4  Am-2  G-2  C-4
```

```
    F-4                     C-4
Its unannounced, like you'd expect it
      F-4                         C-4
Among broke down brake lines and Motown records
    F-4                   C-1     C/B-1    Am-1
And all that's left is a blind reflection
        F-4                          G-4
But you know what's coming and you regret it
```

```
            Am-2        G-2        F-4
So when she calls don't send her my way
        Am-2           G-2          F-2        [F-2]
When it hurts  you'll know it's the right thing

Without you, without you
