

## SOUTH CITY MIDNIGHT LADY

**INTRO** |G-3 D-1 C-4 | G-3 D-1 C-4| **REPEAT**

### [Verse]

G-4                      C/G-4      G-4                                      C/G-4  
Up all night I could not sleep The whiskey that I drank was cheap  
G-4                                      C/G-4                                      D-4 D7-4  
With shakin' hands I wait and I lit up my last cigarette  
G-4                                      C/G-4      G-4                                      C/G-4  
Well the sun came the night had fled And sleepy-eyed I reached my bed  
G-4                                      C/G-4                                      G-2      C/G-2      G-4  
I saw you sleepy dreamin there all covered and warm

### [Chorus]

Cadd9-4                      G/B-4      Gm/Bb-4                      Am7-4  
South city midnight lady I'm much obliged indeed  
Cadd9-4                      G/B-2                      Am7-2      G-2      C/G-2      G-4  
You sure have saved this man whose soul was in need  
Cadd9-4                      G/B-4                      Gm/Bb-4                      Am7-4  
I thought there was no reason For all these things I do  
Cadd9-4                      G/B-2      Am7-2      [G-8]  
But the smile that I sent out returned with you

### [Verse]

G-4                                      C/G-4  
When day has left the night behind  
G-4                                      C/G-4  
And shadows roll across my mind  
G-4                                      C/G-4                                      D-4      D7-4  
I sometimes find myself alone and out walking the street  
G-4                                      C/G-4  
Yes and when I'm feelin' down and blue  
G-4                                      C/G-4  
Then all I do is think of you  
G-4                                      C/G-4                                      G-2      C/G-2      G-4  
And all my foolish problems seem to fade away

Gm solo is 3<sup>rd</sup> fret box
